

Advising and Credit for Prior Learning

Academic advising is recommended for all students. Through advising, students will learn which courses must be completed to achieve their educational goals. Advisors will use program requirements and information published in the current college catalog.

Problems concerning course load or proper choice of courses should be discussed with Student Services.

When admitted, students will select an academic advising area. The area selected should be part of a degree or program objective. Advisors must review and approve programs before processing registration.

Credit for Prior Learning - Students can earn credit for prior learning through:

1. Standardized tests (demonstrating knowledge of a subject through nationally accepted tests such as CLEP or DANTES).
2. Published guides (such as guides published by the American Council on Education).
3. Challenging a course (enroll in a course and make arrangements with the instructor to take a test demonstrating your knowledge of the course content).
4. Articulation agreements with local high schools (high school courses OJC has agreed to accept for college credit).
